“The Work of The Holy Spirit”
John 14: 15-21

Our understanding of God is comprised with the thought that God is spirit. In other words, God manifest Himself beyond the physicality of what we know that makes up existence and human life. There absolutely is no greater power in the universe than the power found in the holy spirit of God. In our human existence though, we as physical beings do not have such power. Although there is a spiritual component to our existence, we are nowhere near as powerful until we invite the holy spirit of God to rest rule and abide in our lives. It is upon that invitation of bringing God’s only begotten son Jesus Christ into our hearts, souls, and minds, that we get an advocate. The Holy spirit is an advocate, another voice that comforts, counsels, teaches, and intercedes with God on our behalf as we live this thing called life. We all need an advocate, a helper and we truly get this when we accept Christ into our hearts, minds, and souls.

Be Blessed.
