**“Oh To Wait On The Lord!”**  
*Psalm 40:1-10*

One of the most grueling experiences of life is waiting. We live in an instant gratification society and waiting just really is not our thing. We want what we want, when we want it and most if not all of the time, we want whatever right now. Our impatience is not only with each other, but also there are many times that even in our faith we just believe God is taking too long to respond to our earnest plea. There is an old gospel song that reminds us though, you can't hurry God, No! you just have to wait. You have to trust, and give Him time, no matter how long it takes. We must also remember our lack of eagerness when God call on us. In essence, we too can move very slowly. It is His patience and grace that He provides to us that keeps us going, and therefore, we too must be patient with Him. The Psalmist David expresses how he patiently waited on the Lord. We all seriously have our trials and this particular scripture does not describe exactly what circumstances were prevailing in David's life however, we read that God heard David's cry and God lifted David out of the slimy pit, out of the mud and mire. Life truly is filled with slimy pits that we all at one time or another fall into. Then there are also situations where we are stuck in the mud and mire of life. Basically we are at our weakest which really means God is then at His ultimate best in saving us. Never give up. Keep believing and trusting in God's ability and promise to never leave us or forsake us. Oh! what a relief it is to know that Jesus loves and cares for you and that Jesus does indeed save. Be Blessed.
