“A Lined-Up Life For God”

Matthew 6: 25-34

A lined-up life simply means individuals who surrender and yield themselves to live life according to the desires of God for their lives. These are individuals who prioritize what God wants for them more than anything else. We all like the lure of worldly pleasures, those that are legitimate and unfortunately even those things that are not. In this scripture though God wants us to understand that there are many things in life that can distract us, but we must have ourselves lined up with Him first and foremost. If we do this the things that we need for sure will indeed be taken care of by Him. This scripture affirms us to seek ye first the kingdom of God and His righteousness and the securities for our lives will indeed be taken care of by our Heavenly Father. That indeed is a Blessing.

Be Blessed.
