**“Treasures Of The Heart”**  
*Luke 2: 41-52*

It is with the utmost respect and gratitude that we celebrate Mother's Day 2021. Our mothers whether biological or not, have been the ones who gave us life, saved our lives, entered into our lives and sustained our lives. They are the ones who rescued our lives and the ones who gave our lives a second chance. We ought to remember our mothers in a special way. For mothers are the ones who have treasured every aspect of our lives and held those treasures in their hearts. They valued us far more than material possessions such as silver or gold. From the time of our conception and throughout our lives, it has been our mothers that valued us as treasures. Every thought of Jesus, in Mary's mind entered her heart and helped her understand that her child was something extra special. Each memory of His life was inspirational for her. Mary's child, Jesus, solidified her faith in God, her belief and trust in God. As Jesus wandered away from Mary and Joseph while in Jerusalem, upon their eventual finding Him, Mary knew all of what God had done in her life and she was strengthened for her future as to what God had in store for she and her family. We too must remember what God has done in our lives and become stronger for our future. It is by faith that we live move and have our being in Christ. The true treasure in our hearts ought to be our faith in God. For it is with faith and trust in Him our lives too can be as strong as Mary's life was. To God Be the Glory. Be Blessed.
